Overview ▾ **Live Bidding, Live auctioneers, Live video, full product catalogues**
Integrates with AURUM and ARGENTUM seamlessly for total solution
Built from seven years experience working within the Auction industry

Balance Design Group has been working in the Auction industry since our very first website for Lawsons Auctioneers in 1998.

Recently we have undertaken major project developments in Online Auction Systems to enhance our system and service offering to the Auction industry, and associated markets.

Our long history of working within the Auction industry has provided us with invaluable knowledge, which we have transferred into the Balance Auction Systems.
